

The History of Sacramento Alumnae Chapter...

1970-1979

Delta Theta held its first Scholarship Recognition Ball. Twenty-two graduating senior high school students participated.

The Ebony Fashion Show continued to be the only fund raising project. It grew from an audience of approximately 600 to 3,000. With such an increase in funds, the chapter had the capacity to enlarge its program thrust.

The Financial Assistance Program was broadened. Scholarship awards to graduating high school seniors through these years increased to \$7,000. In 1977, the Chapter sponsored a "Delta Chair" and contributed to the United Negro College Fund. Revolving Loans were established at two junior college campuses, Cosumnes River Junior College and Sacramento City College, to assist students in securing emergency loans.

In 1973, Delta Theta Chapter was chartered as the Sacramento Alumnae Chapter. The Chapter was chartered during the presidency of Eleanor Nelson.

The CHARTER MEMBERS were:

The History of Sacramento Alumnae Chapter...

Sacramento Alumnae sponsored the establishment of two undergraduate chapters, Lambda Xi at the University of California, Davis, and Nu Lambda at the California State University, Sacramento.

One of the Chapter's major objectives as suggested by Grand Chapter was the reclamation of in-active Deltas. The Founder's Day Program served as the vehicle for honoring 25 and 50 year Deltas (Lucille Copeland/Julia Sledge), past presidents, chapter founders, and rekindling sisterhood through a program of chapter memories.
